Degree & P.G. College

Our Vision - Mission

D.R.K. Reddy Educational Society started in 1999, established PRISM Degree College in 2001 with an aim of serving the cause of value based education. Since the inception of the college, our efforts have been to provide the students an ideal infrastructure, academic exposure and guidance for career building. Our urge is to prepare competent and successful individuals who can edge themselves in the global competition. Our earnest efforts are to contribute to society healthy products of academic excellence, constructive and positive attitude and thus to realize our social commitment. In this process we have been growing from strength to strength. PRISM College started offering Post Graduation Courses from the year 2006. There is yet much to achieve. There are many more miles to go

About Us

In order to reach the coveted academic heights the management and the team of PRISM have been incessantly striving to carve out appropriate means. There has been no compromise regarding infrastructure and other facilities. Congenial academic atmosphere has been provided. The teaching faculty renders every support to mould the students' career as well as mind set. Extra curricular activities, training in communication skills, sports and games - every talent in the student is tapped and propped. Placement programmes have been effectively convened and coordinated. Last but not the least the friendly N.R.I associates of the college encourage the unprivileged but meritorious students of PRISM by offering Scholarships. We scale our growth in the well being of our students!
